RE: **FY2024 Smith County Proposed Budget**

I respectfully submit the Fiscal Year 2024 (FY2024) Smith County Proposed Budget for your review and consideration. As you will see, this budget does increase the actual tax rate by 1.7264 cents to total of 34.7264 cents per \$100 valuation. This adjustment is to address the voter approved tax increase for the successful courthouse and parking facility bond election. Our goal remains to provide excellent service to the citizens while maintaining a low tax rate.

The theme for this year is “Together We Can!” We surveyed our citizens over the last two years and asked if they believe we needed a new courthouse and parking garage and if so, would they support a bond to construct both facilities. The citizens of Smith County came together at the voting polls and voted “yes.” Armed with community support and the knowledge that we are facing debt service in our budget, I asked the elected officials and department leaders to sharpen their pencils on their budget requests. They did exactly as I requested and we carefully worked through the budget together. In addition to addressing the new bond debt, we had two other major areas of focus including a cost of living raise for all employees and a continual issue of detention officer vacancies within our jail.

Budget highlights:

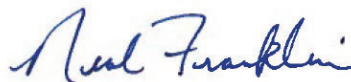

- 5% COLA for all employees and elected officials. These are financially challenging times for everyone due to the inflation we currently face and have experienced over the last year. I am so very proud of everyone that gives their all daily for this County and that have stayed with us through some challenging times. Our goal with a 5% COLA is to reward and retain our dedicated team members.
- Detention Officer vacancies in the jail have been an issue for several years but became more pronounced during the Covid pandemic. The number of open positions has fluctuated between twenty & forty over the past two years. The Commissioners Court adjusted salaries in FY2023 which seemed to help temporarily. Hiring new officers is not the problem. Retention is the issue. We believe that offering overtime rather than compensatory time will be a positive step towards retaining these employees.

- Bond Debt service was a major factor in the budget process this year. Not knowing exactly where our revenue numbers would land and watching the interest rates fluctuate kept us very cautious. As stated before, I appreciate how serious and considerate our department leaders and elected officials were in the budget process. We were able to keep the tax rate increase down to approximately 1.7 cents this fiscal year by spreading the debt service increase over 2 years.
- Road & Bridge Funding. In FY2023, we increased the dedicated annual budget funding amount to 4.25 cents. The total amount funded for Phase 2 of the Road and Bridge Plan is \$56 Million. Phase 2 will continue in FY2024. We were not able to contribute more to the annual budget amount in FY2024 but our goal remains to reach the 5.0 cent level by completion of the Road Bond Plan. We are excited that construction is almost complete on the renovation of the new Road & Bridge facility, all paid for in cash. Estimated move in date of Jan. of 2024.
- We continue to utilize America Rescue Plan Act (ARPA) Funds where allowable to enhance service needs. ARPA eligible items for FY2024 include 45 emergency vehicles valued at approximately \$4.3 Million.
- Courthouse Security salaries were another focus during the budget process. Safety in our courthouse and individual courtrooms is a major concern in the current environment. Our team of Courthouse Security Officers from the Sheriff's Office do an exceptional job so we were able to increase their salary level equal to that of our patrol deputies.

The County's overall financial position remains strong, despite the challenges of inflation. Recently, the County received a AA+ bond rating even with us taking on the new voter approved debt. The County's reserves remain strong as well as our sales tax revenue. Our County Health Insurance Fund is strong which means another year without any increased health insurance costs to our employees. These facts all contribute to our ability to keep property taxes low.

Again, I am sincerely thankful to all our elected officials, department heads, and the County Auditor and staff for each of your contribution to this proposed budget. I am pleased to present this balanced Proposed Budget for FY2024. Our County Budget Officer Ann Wilson will formally file this budget. I am proud to serve each of you as your County Judge. It is an honor to work alongside of you as we strive to provide the citizens of Smith County the best quality at the best price. Together we can!

Sincerely,

Neal Franklin
Smith County Judge
